

Nevada Traffic Offense Violation Codes

NV - Nevada DMV codes that appear under "Viol" in driver history printouts. These are different than the codes used on traffic citations.

The first number of the code indicates the number of demerit points assigned for that offense. Codes beginning with zero indicate serious offenses in which the motorist's driving privilege may be revoked, suspended or cancelled.

Driver history reports may contain obsolete codes that are not listed here. Contact the DMV for more information.

ACD - Standardized codes used by all 50 states in the Problem Driver Pointer System.
